

**ADDVERB**

Human | Robot | Possibilities

# we're hiring!

**Life is short,  
work somewhere  
#awesome.**

# Why Addverb?

Addverb is a global leader in robotics, offering innovative warehouse automation solutions with intelligent robots, powered by modular software. We transform supply chains and provide our clients with a crucial competitive edge.

## Our Vision

**Touching Lives by  
Pioneering  
Human-Robot  
Collaboration.**

## Statistics

**2016**  
Year Founded

**800+**  
Addverbians

**350+**  
Clients Globally

**15+**  
Global Offices

**500+**  
Site Automated

# Skills Required

- Teamwork, Passion, Energy, Problem Solving.
- Computer Vision, Data Structure, Distributed Systems.
- Strong research and innovation skills and ability to solve difficult vision and learning problems.
- Knowledge of ROS along with C & Python.
- Working knowledge of multiple operating systems.

## Day @Addverb

- Ensure development of camera and Lidar based navigation and perception module for the Automated Forklift (AGV) and other mobile robots (Autonomous Vehicle)
- Development of algorithms based on SLAM and ROS for autonomous vehicles.
- Development of algorithms for perception module and control mechanism of the robots .
- Use of Computer Vision to enable natural robotic pick and place operations.
- Requirement gathering, creating specification documents, preparation of test cases and responsibility for final installation of mobile robots at customer site.
- Extensive system integration of the software module with physical robot and ERP systems
- Develop standards for internal testing and ensure the product complies with all external testing procedures and certifications and ensure version control.

# Addverb Advantage

**Early career responsibilities with real-world problem-solving.**

**Collaborative culture that fosters creativity and excellence.**

**Flat hierarchy and flexible working hours.**

**Opportunity to work with like-minded peers & creative thinkers.**

**Travel across India, along with some opportunities for international travel.**
